

WEST COLLEGE
SCOTLAND

Learn to Code!

and you could...

- turn a **banana** into a **games controller**
- play **rock paper scissors**, with an **electronic chip**
- spell out **your best friend's name** on a **LED screen**

and much more fun & amazing things!

Join West College Scotland's
Coding Clubs

Don't miss West College Scotland's Coding Clubs:

Wednesdays 3pm-4.30pm at

- 📌 **Gryffe High** from 17th January 2018 (contact Mr Deans).
- 📌 **Gleniffer High** from 17th January 2018 (contact Mr Gould).
- 📌 **St Andrews Academy** from 31st January 2018 (contact Mrs Melrose).

You will learn how to code
...with the BBC Microbit and create your own

- 📌 **fun electronic devices** such as a digital name badge, a rock paper scissors game, a thermometer or a pedometer.
- 📌 **music player**, by connecting the Microbit to speakers.
- 📌 **game controller**, by connecting it to conductive objects (such as bananas or playdoh).

...with TouchDevelop and

- 📌 **create games and apps** in this unique programming environment.
- 📌 **play your own games with your friends** on phones, tablets or computers.

Ask your teacher to find out more and join one of the Coding Clubs!
