Head Teacher: Mr Colin H Johnson BSc

Road closure due to resurfacing

The school has been made aware that the main road linking Bridge of Weir and Houston is now closed in both directions for resurfacing. Unfortunately, this was not completed during the summer break however this was out with the school's control. As a consequence of the road closure it is inevitable that there will be some disruption to school transport, public transport and for parents/carers getting pupils to school.

After discussion with Strathclyde Passenger Transport Executive, the organisers of our school transport, they have confirmed that for tomorrow (Wednesday 15 August), **buses will pick up and depart at normal times**. This is contrary to information posted on social media earlier today regarding earlier pick up times. **School buses only** will be allowed to use the normal route to allow them to get pupils to school, as they will be managed through the roadworks by the contractor. **Parents/carers will require to use the arranged diversions and therefore allow more time for the journey.**

The footpath from Bridge of Weir to Houston is unaffected and pupils who normally walk to school are able to use this.

There is also a public bus service operating during this time and the timetable is on the next page.

Any adjustment to pick up times from Thursday onwards will be provided via communication from the school through the school Website, Facebook, and text.
