Dear Parent/Carer

S1-3 PARENTS' INFORMATION EVENING - INTERNET SAFETY

In today's society our children use the Internet for a variety of reasons, study and research, entertainment and communicating with friends. It is a wonderful resource which has been built into our everyday lives.

As a school we want our pupils to take advantage of any resource on offer but want to make sure that they are safe whilst they do so. As mentioned earlier the Internet is a fantastic place to learn but it also has a variety of dangers associated with it. With this in mind, the ABC faculty are hosting an **Internet Safety evening on Tuesday 23 January at 7:00pm, which should last approximately 1 hour.** We are extending this invitation to the parents of all our S1-3 pupils.

The purpose of the evening is to help our parents gain a better understanding of the Internet and highlight some of the potential dangers that your children could encounter. We will look at and discuss some of the precautions you can take and the important messages that we give our young people. We would also like to share our experience by providing some practical advice to help you safeguard your child when they are online.

I would ask that, if you wish to attend, you complete the tear off slip below and have your child return it to the ABC faculty by **Monday 22 January.**

Yours sincerely

Mr M MacKinnon
